# A's CLUB HISTORY

From Connie Mack to Charlie Finley, the A's history has been spiced with color and dotted with championships.

Now in its 79th American League season, the franchise has claimed five division titles, 12 pennants and eight World Championships. Twenty men who have carried the A's Initial have been enshrined in Baseball's Hall of Fame.

Cornelius McGillicuddy was born during the Civil War. He was 14 years old when the first reported game of baseball was played between Boston and Philadelphia in a National League game, Apr. 22, 1876. When he was 22 he joined the professional ranks and at age 32 he was field manager of the Pittsburgh Pirates. He and an enterprising Cincinnati sports editor named Ben Johnson helped expand the Western League into the American League with a franchise located in Philadelphia.

The name Cornelius McGillicuddy had given way to Connie Mack, the work of sportswriters who found it easier to work with in box scores.

In 1902, their second American League season, the A's were champions, a sudden rise to the top by a team dubbed "The White Elephants" by John McGraw the year before. They won another A.L. pennant in 1905 with two future Hall of Famers — Rube Waddell and Chief Bender.

Facing somewhat of a rebuilding program, Mack composed an infield of Stuffy MacInnes at first base, Eddie Collins at second, Jack Barry at shortstop and Frank Baker at third. The quartet later became known as the \$100,000 infield and many observers rank it as one of the best infields in the game's history. In 1910 the A's won a third pennant and finally claimed the world title, beating the Cubs in five games for the championship. The club repeated as World Champion in 1911, missed in 1912, won again in 1913 and settled for the A.L. flag in 1914 before World War I disrupted the game.

It was not until 1929 that the A's could reach the top of baseball's mountain, decking the Cubs for the championship with what some call the greatest team ever. Mack had several young players in the minors during the mid-20s ready for a chance — Al Simmons, Mickey Cochrane, Lefty Grove, Max Bishop, Joe Boley, Jimmy Dykes, Cy Perkins, Eddie Rommel and Jimmie Foxx. He also signed a pair of veterans — Ty Cobb and Tris Speaker — to provide balance and poise for his youngsters.

By 1929 Mack had added Mule Haas and Bing Miller to his outfield and George Earnshaw, Howard Ehmke, Rube Walberg and John Quinn to the pitching staff. That team won 104 games and a World Series. It won again in 1930 and claimed another pennant in 1931.

Under Mack, Simmons and Foxx won batting titles. Baker, known affectionately as "Home Run Baker," and Foxx topped the league in home runs and each won RBI crowns.

Eddie Plank, Bender and Grove led the league in wins and Grove won the ERA and strikeout championships.

Mack's impact on baseball was great. He remained field boss through the 1950 season.

There wasn't much to cheer about after the 1931 season. The team remained in Philadelphia until 1954 when it was sold to Arnold Johnson who moved it to Kansas City.

Finley, once described by fellow owner Calvin Griffith of the Minnesota Twins as "The P.T. Barnum of Baseball", entered the scene in 1960 when the club was floundering in Kansas City. He added color and talent to the franchise and within 10 years had built it into a contender and powerhouse matched only by the Yankee team of the late 30s and 40s.

Not until the franchise was shifted to Oakland did it start to show results. Again, it was a roster full of unknowns, sprinkled with a few veterans which made it work. Curiously, the names of Sal Bando, Bert Campaneris, Chuck Dobson, Dave Duncan, Dick Green, Jim Hunter, Reggie Jackson, Paul Lindblad, Rick Monday, John Odom, and Joe Rudi all were there in 1968.

It was Finley who had put them there. He had an uncanny instinct for spotting young talent. In 1962 he signed Bert Campaneris as a free agent. Two years later he found Hunter. He signed Gene Tenace, Joe Rudi and Rolie Fingers as free agents before the major league draft began in 1965. With the draft he selected Monday and Bando in 1965, Jackson in 1966 and Vida Blue in 1967. They were to become the backbone of the championship years.

Finley also had a keen sense of showmanship, first introducing multi-colored uniforms, then white shoes to replace the traditional black ones. Again he took the initiative, outfitting his team in green, gold and white jerseys to complement white pants. Other teams soon followed his lead.

While he used the draft as a building tool, he also made some shrewd deals, the most notable being in acquiring lefthander Ken Holtzman in exchange for Monday in November, 1971.

The youngsters developed a consistent winning pattern, finishing 1969 with an 88-74 record, the most wins by an A's team since 1932. That would be the fewest wins for the team during the next six years.

Under Dick Williams the A's won the Western Division in 1971 with 101 victories. They went all the way the next three years, two under Williams and another under Alvin Dark. The triple title run has been accomplished by only one other team — the Yankees (1936-39 and 1949-53).

Jackson had become a consistent home run and RBI man. Campaneris and Billy North had made the team a threat to run all the time and Blue, Holtzman and Hunter became big winners. Blue won MVP, Cy Young and Pitcher of the Year honors in 1971. Jackson was the league's MVP in 1973 and Hunter won the coveted Cy Young Award in 1974. Campaneris led the league in stolen bases six times.

Although the string of Western titles was stopped at five, the 1976 A's set an A.L. record with 341 steals, only 13 shy of the major league record total of the 1913 New York Giants.

In 1978 John Henry Johnson and Dave Revering made the Topps American League All Rookie Team. Matt Keough represented the A's in the annual All-Star Game.

### ROOKIE DEFINITION

A new rookie rule with slightly more liberal standards than the previous regulation written in 1958 was put into effect beginning with the 1973 season. This definition provides that a player shall be considered a rookie if he has not exceeded 130 at-bats or 50 innings-pitched in a previous major league season or seasons, and if he has not accumulated more than 45 days on the active roster of a major league club or clubs during the period of the 25-man player limit (excluding time in military service).

Under the old rule, a player who exceeded 90 times at-bat or 45 innings-pitched, or who had spent at least 45 days on a major league roster during the 25-man player limit period, could not be considered a rookie. This rule was written at a time when big league teams played 154 games and when there were only 16 clubs in the majors. Now, there are 26 major league teams playing a 162-game schedule.

## SCORING RULE — PINCH HITTERS

A player shall be considered a pinch hitter only if he enters the game as a substitute batter and then only on his first time at bat which must be before he becomes a fielder. (If the team bats around and a pinch hitter comes up a second time in the inning in which he first appeared, he will not be considered a pinch hitter during that second time up.)

A substitute hitter for a designated hitter is both a pinch hitter and a designated hitter on his first time at bat. On subsequent trips to the plate he is a designated hitter only.

### NIGHT GAME — DEFINITION

Any game scheduled to start after 6 p.m. (i.e. 6:01 p.m. or later) will be considered a night game. If a game is scheduled to start at 6 p.m. and is delayed by rain or for any other reason, it will be considered a day game.

However, both games of a two-night doubleheader shall be considered night games. When afternoon and night games are played on the same date and separate admissions are charged, they will be counted as one day and one night game, and will not be included in doubleheader statistics.

### AMERICAN LEAGUE CURFEW

In American League cities not governed by local curfews, no inning may begin after 1 a.m., but any inning beginning prior to 1 a.m. may be played to completion.

### RULES OF INTEREST

**PLAYER LIMITS:** 40 until opening day, when the number must be reduced to 25 until September 1, when it again becomes 40.

**DETERMINING BATTING AVERAGE:** Divide the number of at bats into the number of hits.

**DETERMINING AN EARNED-RUN AVERAGE:** Multiply the number of earned runs by nine; take the number and divide it by the number of innings pitched.

**DETERMINING SLUGGING PERCENTAGE:** Divide the total bases of all safe hits by the total at bat (at bats do not include walks, sacrifices, hit by pitcher, or times awarded first base because of interference or obstruction).

**DETERMINING FIELDING AVERAGE:** Divide the total putouts and assists by the total of putouts, assists and errors.

**DETERMINING PERCENTAGE OF GAMES WON AND LOST:** Divide the number of games won by the total games won and lost.

**CONSECUTIVE HITTING STREAKS:** A consecutive hitting streak shall not be terminated if the plate appearance results in a base on balls, hit batsman, defensive interference or a sacrifice bunt. A sacrifice fly shall terminate the streak.

**CONSECUTIVE-GAME HITTING STREAKS:** A consecutive-game hitting streak shall not be terminated if all the player's plate appearances (one or more) result in a base on balls, hit batsman, defensive interference or a sacrifice bunt. The streak shall terminate if the player has a sacrifice fly and hot hit.

**CONSECUTIVE-GAME PLAYING STREAK:** A consecutive-game playing streak shall be extended if the player plays one half-inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

**SUSPENDED GAMES:** For the purpose of this rule, all performances in the completion of a suspended game shall be considered as occurring on the original date of the game.

### ROSTER LIMITATIONS

Rosters are limited to 25 players from opening day through August 31 and 40 players from September 1 through conclusion of season. Players in military service do not count against the under control list while on active duty. Upon separation from the service, a player will be reinstated to his club's normal player limits after he has completed a 15-day trial period or has participated in a championship game, whichever comes first.

### EARNED-RUNS RULE

The determination of earned-runs is as follows:

'An earned-run is a run for which the pitcher is held accountable. In determining earned-runs, the inning should be reconstructed without the errors and passed balls, and the benefit of the doubt should always be given to the pitcher in determining which bases would have been reached with errorless play.'

Until 1969, the reliefer should not be charged with an earned-run if he entered the game after the side could have been retired but for an error, no matter how many runs he subsequently gave up in that inning. Now, runs scored by batters who reach base off the reliefer are charged as earned on that pitcher's record. They are not, however, charged as earned against the team as a whole. Therefore, a discrepancy may occur between the total earned-runs charged against a team and the sum total of the earned-runs charged against the individual pitchers of that team.

## SUSPENDED GAME RULE

A game terminated by curfew or by a pre-arranged time limit is a suspended game only if it has progressed far enough to be an official game (i.e. 4½ to 5 innings).

A game terminated by light failure is a suspended game anytime after it begins.

Suspended games shall be resumed at the exact point of suspension immediately preceding the next scheduled single game between the two clubs on the same ground . . . If this is not possible, other provisions for resumption are specified in American League Regulation 3.8.

A game called at the end of a completed inning after nine innings for any reason shall be a suspended game. This rule became effective in 1969. Formerly, the game would have been declared a tie and replayed in its entirety at a later date.

## PLAYING RULES

**Spectator Interference**—batter, runner and other runner(s) will be placed at the base(s) which the umpires feel they would have reached with no interference.

**Time**—ball is dead, play suspended. This sign used when ball is foul, umpire then pointing to foul territory.

**Batted Balls Hit Fair or Foul**—if fair, umpire points to fair territory—if foul he raises arms overhead (as in "Time" above) and then turns and points to foul territory, and vocally calls "foul."
